Grass Lake Traffic Jam 'In

About Grass Lake

Grass Lake is Jackson county's fastest growing community. Located between Ann Arbor and Jackson, it has easy access to the Detroit area and Metro Airport, the University of Michigan, Michigan State University, Spring Arbor University and several other colleges and community colleges.

Nearby are several golf courses, Michigan International Speedway, hospitals, plus entertainment, recreation, and restaurants. Residents live amidst farmlands, woodlands, and lakes, making it a desirable community to raise a family or enjoy life in a rural setting.

Grass Lake has experienced rapid growth in recent years including a new high school and several housing developments. This year Grass Lake will welcome new residential development, a new medical campus, plus other exciting additions to the community!

Grass Lake is truly "A Great Place to Call Home".

Grass Lake Traffic Jam'In

Grass Lake Traffic Jam'In festival brings visitors from all over Jackson and Washtenaw Counties!

What is Traffic Jam'In?

Beginning in 2009 the festival combined a car show with live music. Every year since, Traffic Jam'In has grown to include numerous family oriented events and attractions, nationally touring music groups, a variety of food and craft vendors, and a 5K run/walk.

Traffic Jam'In Community Involvement

Hometown values abound in this community-centric festival. Each year dozens of volunteers from local non-profit groups and the community organize, build, and managing this event. 100% of proceeds after expenses go to these groups.

Growth and Success

Each year the number of visitors has increased, providing welcomed exposure to the local businesses. This year the number of attendees over the two day festival is expected to exceed 10,000.

Music, amusement, fitness, community involvement, and charity come together to make Traffic Jam'In a unique and memorable event for all who attend.

Thank You!

Your sponsorship is vital to the growth of Traffic Jam'In and its ability to raise funds for the non-profits it supports.

Thank you for your consideration, we look forward to working with you this year!
